Call for letters:

At-large populace member of the finance committee

Fighting-community member of the finance committee

Baronial Herald

Letters for all three positions due by November 30, 2020

We are interested in exploring online options for A&S activities. We would love to hear ideas and suggestions for other opportunities to be together online until the state health orders change and allow in-person activities.

Master Tariq spoke briefly about the Royal Outlands Interkingdom University. Check out <https://www.roiu.outlands.org/> for more information.

**Officer Reports:**

Exchequer – We are in good standing and ready for end of year report. We will need to hold a finance committee meeting in December. We received the refund from the City of Aztec for the park fee we did not use for Crown in March. Lady Adriana is looking for a deputy that would be interested in stepping up as Exchequer when her warrant is up in the spring.

Quartermaster – Mistress Alamanda finished some hold reorganization after 12<sup>th</sup> Night. She is going to look at the contents of the hold and we should try to downsize the contents a bit, as the hold is “stuffed”! She is going to explore that in coming months.

Rapier Marshall – we are not holding any official practices, but Master Angus encourages all fighters to work on their drills and to do some maintenance on their blades and equipment.

Social Media Coordinator – Lady Beatrix said that shares on our Facebook page are up and the number of members has also increased for both the Official and Unofficial pages.

Webminister – THL Wyolet made some needed updates to the officer page and to the calendar. She is also seeking a deputy interested in training to take over as Webminister.

No other officer reports were made.
